The Academy for Musical Theatre

Let the best in the performing arts today prepare you for the next step in your musical theatre career.

“At Next Step Prep, I’m getting the opportunity of a lifetime. I believe that this will truly help other students who love performing arts, and it really is a next step for our future careers.”
—Trey from Washington

“Yo get around all those other actors and all those other kids who want to do this and just to feel that energy around you...it’s a beautiful thing to be able to do to get around people who have that same passion as you do.” —Broadway Composer JASON ROBERT BROWN

“Ther is something that triggers in all of us a desire to become what we become in life. What we really need is something to help show us the way. And it’s not always available to students who live in the middle of our country—who may not have the means to go to New York or Los Angeles. To have a program like this in Montana that is accessible to these students—it’s amazing to me.” —Professional Clown STEVE SMITH
