

Greetings PAC Families,

Thank you for your patience as we work through logistics of making MCT's 2021 Performing Arts Camps a possibility. There are still many more questions than there are answers, but we are thrilled to be getting the ball rolling with opening applications for PAC 2021.

What is PAC 2021 going to look like? It will certainly look different. Each campground has a lower capacity for the space to maintain distance. We will not be able to accept as many campers as we have in the past.

What grades will attend what camp? This is a big numbers game. We don't yet know how many campers we can have in each space, OR how many people are going to apply for camp this year. Because of all these variables, we cannot say what grade levels will be attending which camps.

PAC Performance. At this time, it is possible that we will not hold public PAC performances this year due to Missoula and Lake County Health Department directives. If this is the case, final performances will be streamed and recorded for families. More details on performances to come with acceptance emails in June.

Applications/Auditions. All Applications are **due by May 31**, but the sooner the better!!! We are not requiring auditions from any returning or new campers this year. If we need a "Callback Audition" from new campers, we will reach out in early June with details and info on how to submit a very short video callback.

Rollover tuition. Many of you put down a deposit for PAC 2020. We do still have those funds and are honoring roll overs this year. Our Patron Services staff is now just down to 1 person. Please allow extra application/payment processing time this year. We are not accepting payments until official acceptance emails go out in June. June emails will include tuition prices for this year.

When will we hear back? We will send all final camp decisions on June 15, 2021. Returning campers are not necessarily guaranteed a spot this year. **Please do not purchase plane tickets until June 15.** We will take as many returning campers as we possibly can!!

As we said before - I know there are so many questions. We appreciate you sticking with us while we navigate through these tough decisions. We are working remotely on all things PAC. Send questions to PAC Director, Paisley Thornton (new married name for same old Kirsten Paisley) at kpaisley@mctinc.org.

We look forward to seeing the PAC family back together again!
