TITLE	DESCRIPTION	Grades and Capacity
Acting	The basic tools of an actor's trade - observation, memorization, concentration, and imagination are presented and explored in an entertaining manner. The students participate in a variety of fun exercises, learning to apply the actor's tools to both performing and everyday life.	Grades 1-2 30 students
Improv	Participation and teamwork are emphasized as the students learn to act without a script. This workshop can be geared to all skill levels of students from beginners to more experienced performers.	Grades 3-12 60 students
Behind the Scenes	Most people don't get to see what happens before the curtain rises. This workshop explains how the process of role-play helps to increase communication skills and teaches constructive group dynamics.	<i>We ask that one representative from your organization be available during the workshop.</i>
Stage Makeup	Makeup is the foundation and the most basic visual image for all performers. This workshop teaches students of all ages by demonstrating (on a few participants) corrective, character and special effects makeup for the theatre. Please note, this workshop is specific to theatre makeup techniques and is not a "face painting" experience.	<i>Workshop content will be tailored to the chosen age group and is most effective when limiting the age range of the participants to three or four grade levels within a particular session (i.e. 1-2, 3-5, 6-8 and 9-12).</i>
Storytelling Through Movement	Specially designed to engage students living with disabilities, this workshop explores how to connect emotions to actions through body language, movement, and music. Students will use their acting skills to perform tales for their class, empowering both student and teacher to further explore theatre long after the workshop has concluded. The Missoula Children's Theatre is excited to offer this workshop through collaborative creation with the 4th Wall Theatre company based in Detroit, MI (4thwallkids.com).	 Grades 1-12 20 students <i>We ask that one representative from your organization be available during the workshop.</i>
